SUMMARY

Frontend & Mobile Application Developer with 4+ years of experience in Flutter, React.js, and SPFx. Specialized in building scalable fintech and enterprise applications with a focus on UI/UX, API integrations, and clean, maintainable architecture.

TECHNICAL SKILLS

React.js

- Functional Components & Hooks
- Context API & Redux
- REST API Integration
- Reusable Component Architecture
- State & Performance Optimization

Flutter (Android)

- Riverpod & Provider
- Clean Architecture (MVVM)
- REST API Integration
- Responsive UI & Custom Widgets
- Figma to Pixel-Perfect UI
- Performance Optimization

Technical Leadership

- Technical Strategy
- Team Leadership
- Requirement Analysis

WORK EXPERIENCE

React Developer, AI Rafay Consultancy

Sep 2024 - May 2026

- Developed scalable and reusable React components by converting complex Figma designs into pixel-perfect user interfaces.
- Integrated REST APIs to enable real-time data rendering and dynamic user interactions.
- Built and maintained SPFx web parts using React and PnP.js for enterprise-level SharePoint intranet solutions.

Flutter Developer, CodeBase Technologies

Feb 2022 - Sep 2024

- Designed and implemented responsive and scalable mobile application interfaces using Flutter for fintech and enterprise-level applications.
- Integrated RESTful APIs and handled state management to ensure smooth data flow and real-time updates.
- Collaborated closely with UI/UX designers and backend teams to deliver features efficiently and meet project timelines.
- Ensured cross-device compatibility and optimized applications for performance and user experience.
- Actively worked on multiple fintech projects, including **(AAA Financing, WINK (WINK Pay), and Raqami)**, contributing to core app features and UI development.

EDUCATION

Bachelor in Computer Science

Iqra University

Aug 2016 - Feb 2021

- Relevant coursework in Software Development and Project Management.
